Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Please read the following precautions and operation information before using your keyboard or any accessories that accompany it. Retain this information for future use.

1. Health warning: Take frequent breaks when using your keyboard. If you experience any discomfort, pain, tingling, numbness, or burning in your neck, shoulders, arms, wrists, hands, or any other part of your body, stop using your keyboard and consult a physician.
2. Do not attempt to service your keyboard.
3. Do not disassemble or attempt to disassemble your keyboard.
4. Do not crush or puncture your keyboard.
5. Do not immerse your keyboard in water.
6. Do not put your keyboard in contact with water or other liquids as they could cause a short circuit, fire, or electric shock which could result in serious injury, death, or property damage.
7. Do not use liquid, aerosol cleaners, or solvents on or near your keyboard. Clean only with a soft, dry cloth. Disconnect any cords before cleaning the keyboard.
8. Do not use your keyboard while operating a motorized vehicle, including automobile, boat, or airplane. Doing so could put you and others at risk of serious injury, death, or property damage.
9. Do not use or place your keyboard near any heat sources including, but not limited to, radiators, heat registers, stoves, other appliances, campfires, or barbecue grills.
10. To reduce the risk of fire or electric shock, wire or connect your keyboard to products only in the manner instructed in the documentation supplied herewith. Do not attempt to modify or adjust any ports. Any improper connections or adjustments may cause damage.
11. When you are ready to discard your keyboard, recycle your keyboard in a manner consistent with electronic recycling requirements or recommendations in your geographic area.
